

20th November 2023

Dear Parents/Carers

Children's Grief Awareness Week

Next week is Children's Grief Awareness Week and the Votes for Schools programme will be considering what peer support looks like when it comes to bereavement. They will reflect on the different actions we can take to be there for our loved ones, and consider how confident they would feel putting these into practice should they need to.

The sessions will take place in one of the tutor time sessions this week and resources for it have been made in conjunction with the [Childhood Bereavement Network](#), part of the National Children's Bureau.

Please contact your child's tutor if you feel this topic may be too difficult to be part of at this time.

Yours faithfully

Ms C Harmer

Deputy Head of Johnson House
