

HOME SCHOOL AGREEMENT

Please read the Home-School Agreement terms set out below and note that by accepting a place at Warlingham School you and your child/children are agreeing to work in partnership with the school in line with these values and to follow our school code.

Warlingham School Values and Aims

Warlingham School is a caring, supportive environment, where children and staff are happy, where we work with integrity and respect, and where everyone is challenged to reach their highest possible achievement.

Our key values are: Commitment, Courage, and Kindness

We ask that every student who joins Warlingham does so on the understanding that they will uphold these values through their actions and words. Likewise, we take our motto of "Wide Horizons, High Aspirations" very seriously and build in opportunities for our students to develop as individuals through the taught curriculum and an extensive range of additional activities. We expect all Warlingham students to strive to engage in the school and become the best version of the Warlingham Learner they can be. We encourage every individual to be an active member of our community and participate fully in the opportunities that are offered. We also insist that students fully respect the rights of others to engage in the learning and development opportunities at Warlingham School.

At Warlingham School we aim to:

- help every student, and every member of staff, to achieve more than they ever thought possible, regardless of their starting points by developing into Warlingham Learners
- be a community of excellence where we hold high expectations for success in ourselves and in others
- foster an environment where individuals take responsibility for themselves and show respect for others as part of a healthy and safe community
- value and embrace the fact that we are all different and show tolerance for the beliefs, faiths and opinions of others
- prepare students for successful and fulfilling adult lives by giving them opportunities to experience work, volunteering and to participate in their community
- help our students to develop into articulate, confident, courteous and considerate citizens
- promote a love of learning by high quality and engaging teaching which delivers great learning outcomes
- celebrate the varied achievements of all students and all members of staff.

School Code

We believe that students, parents, staff, governors and all others within the school community have the responsibility, to work in partnership to uphold the Warlingham School Code. It applies to all activities and at any time on the school premises, on school journeys, on the way to and from school and at school events. The Warlingham School Code helps to maintain a community which is considerate, where interaction is based on mutual respect, and which fosters outstanding learning and teaching.

The Warlingham School Code comprises five guiding principles:

- to attend school and to be punctual
- to be properly dressed, equipped and organised for all school activities
- to follow all instructions of staff
- to complete all tasks set to the best of one's ability
- to treat oneself, others and the school environment with respect

Specific school rules and expectations support the five guiding principles. It is the responsibility of each student to be aware of specific school rules and expectations and to act accordingly at all times. The school rules are reviewed annually but may be amended as the year progresses to suit changing circumstances.

We expect all students to uphold the School Code and to make a positive contribution to school / community activities.
