

Dear Parent/Carer,

Thank you so much for all the support you have given to the school and to your children during these unusual times. A key component of our development of the school is based upon feedback from our stakeholders. This helps us adapt our current learning provision and allows us to plan ahead for future change.

We would greatly appreciate you taking some time to answer the questions on the survey below. The answers will be kept confidential and anonymous and only used for the quality assurance of our current processes, strategic planning for the future and to respond to concerns raised. So please be honest. We understand that everyone's situations are very different.

If you have children in more than one year group we would appreciate you completing the survey more than once as strengths or any issues may apply differently depending on the Year group they are in.

Please complete the questionnaire by Monday 6th December 21.

Yours sincerely
