

Dear Parent and Carers

Re: Publication of Advance Information for Summer Examinations 2022

Further to the consultation undertaken by the DfE and Ofqual regarding the adaptations to GCSE and A-Level exams for summer 2022, which included the publication of advance information by examination boards about the focus of the content of this summer's exams, we write to advise that this information has now been made available to schools. Attached to this communication will be a document that contains all the changes made to the summer exams in terms of the content assessed.

We acknowledge that in some instances this information is difficult to access and want to reassure students that their classroom teachers are working to unpick the information and will communicate it with greater clarity in the classroom setting. However, we felt it important to provide the information as received in the first instance.

Adjustments to the content of forthcoming KAPS will be made accordingly, due to take place after the half term break, with updated guidance on revision topics also being shared in due course (via satchel).

Whilst the half term break provides a great opportunity for everyone to enjoy a little rest and recharge the batteries, your child should also take the opportunity to plan their revision programme if they haven't already done so. It is also a great opportunity to refamiliarise yourself with the TOPR and P4P techniques, so that you can help support your child's revision. Please click the link to the warlinghamtl for more information. <http://warlinghamtl.co.uk/>

Thank you for your continued support.

Yours faithfully

Mr P Seward

Deputy Headteacher
