The Warlingham Week

Dear Parents & Carers

All Year Groups

This week's newsletter is brimming with all things Christmassy and with only two weeks remaining until the end of term, it feels like the perfect moment to reflect on the incredible spirit and generosity within our school community. In particular, our Sixth Form students have truly gone above and beyond, demonstrating themselves as outstanding role models not only within school, but also in the wider local community. From collecting items to support local food banks, to raising funds for charities close to their hearts, their selflessness, dedication, and kindness have shone brightly. We are genuinely proud of their efforts and the way they consistently show compassion, responsibility, and leadership, qualities that make them a real inspiration to us all. Their actions are a wonderful reminder of the positive difference young people can make and it fills us with pride to see them embodying the very best of our school values.

In particular I wanted to share some thanks received from our local community, where two of our Sixth Formers went out of their way to return a lost phone to a family and another student acted with exceptional care in supporting a young child from Hamsey Green School, ensuring they were safe until help arrived. Their kindness, integrity and willingness to help others, make them outstanding role models for our school and we are truly grateful for the positive impact they have within our community.

- ***"The reason I'm emailing you, is to share my appreciation for your two amazing Sixth form students who found my son's phone on the bus and were so kind enough to drop the phone at my house, lucky enough I live on Tithepit Shaw Lane. It was super kind of them and I can't thank them enough!"***
- ***Hamsey Green school receptionist called, she said that a young man believed to be a sixth former was extremely good helping out a small child from their school this morning. She said that unfortunately they didn't get his name but if we had a student late and had quite an elaborate story about a lost child it will be them and it's not a story. She said he found a small child of theirs lost and in the road, so found a parent to seek help and he stayed with the young child until the situation was sorted out.***

We are incredibly proud of our students, whose actions continue to show what thoughtful, responsible and compassionate young people they are.
